

## **Black Friday Sales Dandenong Market shopping guide**

Are you a bargain hunter or a savvy shopper? Whatever your calling, we have a fabulous three-day weekend of savings lined up for you. The now famous and ever-popular Black Friday is coming to Dandenong Market from Friday 29 November to Sunday 1 December and it's perfect timing to get prepared for all your Christmas shopping. The whole family is catered for, with many traders jumping on board to bring you some of the best door-busting deals to get those items checked off your Christmas wish list - well before the mad rush. Follow this guide for the best ways to ensure sale success!

**Think ahead** to what you need to purchase for Christmas or for yourself and make a list. If you arrive with a clear idea of who you need to buy for or what you need yourself, you will be less overwhelmed when making purchases. This makes shopping a breeze and far more enjoyable than arriving not knowing where to begin.

**Budget** according to your list – but leave space for impulse buys you come across. Having a clear idea of how much you wish to spend and setting aside a small portion for those “I didn't realise I needed this until now” moments, means you can avoid overspending.

**Specials!** There are trader deals all weekend, ranging from up to 50% off across the whole store to extraordinary one-off deals just for the sale. Do your research and prioritise what you need to purchase so you avoid the disappointment of finding items sold out.

**Refuel!** For a weekend dedicated to shopping you have to remember to have food on your brain too. And there is no better place for delicious, mouth-watering food than Dandenong Market. Over the Black Friday Weekend Sale, Perfect Coffee is getting in on the savings offering one regular coffee for free for every large coffee on mention of this guide!

**Need cash?** Most of our traders have EFTPOS but we have six ATMs at the Market if you need cash. The nearest ATM to the Bazaar is between the restrooms and Café Marketto.

**Parking:** with more than 1000 parking spaces, including ample undercover spots, there is plenty of parking at Dandenong Market. The car park can be accessed from Clow Street or King Street. Parking is just \$1 for three hours Friday and Saturday and free on Sunday.

**Bag your bargains!** Arrive with own bags. Free boxes, free Boomerang bags while stocks last and two sizes of eco-friendly reusable bags are available from the Market Management office if you buy more than you bargained for.
