History of Dandenong Market

The traditional owners of the area of Dandenong are the Indigenous people of the Woiwurrung tribe and the Bunurong tribe of the Kulin nation.

When the Europeans first came to settle in the area in 1840, they needed a meeting point to trade cattle and buy fresh food. In 1850, two acres of land was set aside for a cattle yard and farmers market.

Dandenong Market was officially opened in 1866. The market sold beef and dairy cattle, chickens, horses, as well as fruit, vegetables, eggs and household items.

Dandenong was an important area for people travelling from Gippsland to Melbourne and became known as the "Gateway to Gippsland".

In 1926, the Market located to its existing site on the Corner of Clow and Cleeland streets.

In 1956, the livestock section of the market moved to another site in Dandenong.

A local icon at the Dandenong Market is the Dandy Pig. The Dandy Pig is a neon sign that first appeared in the 1950s. The finely dressed pig tips his top hat to welcome people to Dandenong.

When the market first opened, it only traded on Tuesdays. In 1976, the Market started to trade on a Friday. In 1982, the Market started to trade every Saturday and in 2013, the Market started trading on a Sunday.

In 2016, we celebrated our 150th birthday.
